## SCHOOL DISTRICT NO. 78 (FRASER-CASCADE)

**REGULATIONS** NO: 5070.2 R

DATE: 2013-12-06

REVISED: 2015-10-27

SUBJECT: SOCIAL MEDIA – Students and Parents/Guardians

### General

The purpose of this regulation is to provide guidance for students and the parent/guardian community when participating in online social media activities.

Social media includes but is not limited to: social networks, digital citizenship, digital footprint, internet, email, smartphones, devices, blogging, tweeting, wikis, podcasts, video casts, video, audio, media, social bookmarking, texting, postings through apps using mobile devices using iOS or Android operating systems and also including current top examples: Facebook, Twitter, YouTube, Vimeo, Edmodo, Google Drive, Google+, Google Hangout, Skype, Texting, Facetime, X-Box, PlayStation, and Minecraft.

## 1. Students

- a) Student online behaviour should reflect School District values of respect, trust, integrity, communication, and teamwork at all times.
- b) Any school related use of social media must observe the terms or contract agreement of the online resource. A disclaimer/permission slip is required and must be signed by parents/quardians.
- c) Students must consider the potential consequences of what they post online. What students contribute leaves a digital footprint for all to see. Students should only post what they would want friends, peers, parents/guardians, teachers, or a future employer to see.
- d) School related online activities are an extension of the classroom and subject to all school and district expectations. What is inappropriate in the classroom is also inappropriate online.
- e) Students must be safe online. Students should never give out personal information, including, but not limited to: last names, birth dates, phone numbers, addresses and pictures. Students should not share their password(s).
- f) Linking to other websites to support a student's thoughts and ideas is recommended; however students must be sure to read the entire article prior to linking, to ensure that all information is appropriate in a school setting.
- g) Students must do their own work. They must not use intellectual property without permission. It is a violation of copyright law to copy and paste other's thoughts. When paraphrasing another's idea(s), the sources must be cited.

- h) Pictures are protected under copyright laws. Students must verify that they have permission to use an image.
- i) Students must not intentionally misrepresent themselves or use someone else's identity.
- Students must report any content or behaviour that is not suitable in the school environment.
- k) Students who do not abide by these terms and conditions may face disciplinary action.

## 2. Parents/Guardians

- a) Classroom blogs and other social media are powerful tools that open up communication between students, parents/guardians, and teachers. The School District encourages parents/guardians to view and comment on classroom projects when appropriate.
- b) Parents/guardians are encouraged to allow their children to participate fully in all activities that involve teacher-monitored online learning environments. At times the completion and return of a release form will be required.
- c) Parents/guardians are encouraged to read and/or participate in social media projects.
- d) As partners in education, parents/guardians are encouraged to model appropriate online behaviour and monitor social media use at home.
- e) Parents/guardians participating in school-related activities must adhere to School District guidelines with regard to posting student photos and personal information.
- f) Parents/guardians should not distribute any personal information about other students participating in the social media project.
- g) Parents/legal guardians are encouraged to engage in collaborative opportunities to provide feedback to schools, the School District and the Ministry of Education.

## PARENT/GUARDIAN SOCIAL MEDIA USAGE CONSENT

The School District acknowledges the importance of teachers, students and parents/guardians collaborating and learning in digital environments. It is also important that students, staff and parents/guardians use such tools in a safe and ethical manner. (See Administrative Regulation 5070.2 R: Social Media – Students and Parents/Guardians).

Teachers may use a variety of social media sites with students but are required to secure parental/guardian permission. Teachers will therefore provide a list of all services in the bottom section of this form, so that parents/guardians may consent for their child to participate in these social media activities.

Personal information will be collected by the School District for the above-noted purposes under the authority of Section 26 (c) of the <u>Freedom of Information and Protection of Privacy Act</u> (<u>FOIPPA</u>). If stored outside the country, information in your child's account may be subject to the laws of foreign jurisdictions, such as the United States. If you have any questions about this collection, please contact your child's teacher directly.

#### Consent

I understand that my child's information will be disclosed, stored and accessed from outside of the School District and may also be stored and accessed from outside of Canada for the social media sites listed below. This consent will be considered valid from the date on which it is signed until the end of the school year. I also hereby acknowledge that I have read and understand the district's Social Media Policy and Regulations (5070, 5070.1 R, 5070.2 R), as well as the policies related to Technology Usage and Access (#4050).
