4. <u>Preliminary Budget 2019-2020</u>

The Secretary-Treasurer discussed the key dates in the budgeting process, noting that now we are at the point where the preliminary budget for next year is developed. After the preliminary budget presentation to the Budget Advisory Committee, and after hearing input from staff, the budget then goes to the Board of Education for three readings.

Notice of lay offs must be sent by the end of April. There will be no teacher lay offs. There are very few support staff layoffs which are more to do with ensuring how many students come in the fall and that staff are in the right places to meet student needs.

The provincial government is forecasting a \$374 million surplus for 2018/19. The overall debt is expected to reach \$82 billion by 2021. Approximately \$4 billion is set aside to cover wage increases. Most of the public sector have settled contracts. Teachers are still in process of contract negotiations and intend to be done by June 30th. Any increase in salaries will be funded.

The ministry is moving away from the current funding formula. There will be expectations of linkages with what we do financially and strategic plans of districts to ministry goals;

- 1. Improve Student Achievement and Success
- 2. Improve Student Outcomes
- 3. Improve Transitions to Post-Secondary Institutions

The Secretary-Treasurer reviewed the provincial K-12 budget. The ministry operating budget has increased primarily to cover off the additional enrolment and meet existing class size and composition requirements. \$73 million has been allocated provincially to cover the impact of the new Employer Health Tax, as a result of the elimination of MSP premiums. The employer tax will cost more than what we were paying in MSP premiums. \$325 million has been allocated for enrolment growth, and \$423 million to hire 4000 teachers.

Capital spending over the next three years includes \$1.2 billion for expansion and replacement projects, \$791 million for seismic mitigation program, \$502 million for asset rehabilitation and maintenance, and \$15 million for playground equipment. We have benefited already with upgrades to our facilities including window, lighting, heating, and ventilation upgrades.

The district will maintain a status quo budget for 2019/20. What is in place has been sustainable. Enrolment for 2019/20 is projected to stay about the same as the current year. Grant funding for the district includes Classroom Enhancement Fund of \$1.392 million for staffing and \$116,000 for overhead costs. The Learning Improvement Fund, Community Link, Annual Facilities Grant, and Pay Equity funding will be about the same as the current year.

There has been an increase in block rates to accommodate the increases in salaries and benefits we have experienced over the last two years. Average staffing has been increased and allocation factors have been adjusted in the same percent plus extra in a supplement to support school costs and inflation.

The government held back \$2 million provincially to run BCPSEA. This will cover costs such as the ruling that districts were to pay for copyright infringement back to 2013, as a result of resources being used inappropriately. Our district's share of the Employment Practices Liability program was \$16,247 for the current year. This is for potential grievances that have provincial implications. The ministry wants to make sure that the outcome is fair for all districts.

Increases in hydro, gas, and CPP rates will affect our budget. The WCB rate has decreased and reflects well on the awareness of safety in our District. The base rate for districts is \$0.81 where we pay \$0.58 - well below average.

The ministry will spend 5-10% of the \$100 million Learning Improvement Fund to address students with mental health issues. A portion of this district's LIF of \$75,685 will be set aside for students with mental health issues.

The District continues to be conservative in budget approach to try to ensure that the impacts of the changes in funding and costs do not mean any major cuts. Efforts are being made in maintenance and transportation to streamline work and find bulk purchasing savings through shared services.

The accounting firm, KPMG has been appointed as the new auditors for the district for a three year term. They have much experience working with school districts. They will conduct the next audit beginning in July 2019.

Your Revised Premium Rate for 2019

We have completed processing some changes on November 23, 2018 and this has resulted in a change to your 2019 net premium rate. The table below shows the steps we followed to calculate your net premium rate before and after we completed the changes.

| Calculation Steps | Your Rate Prior to t | he Changes | Your Rate After | the Changes |
|------------------------------|----------------------|------------|-------------------|-------------|
| Base premium rate | | \$0.81 | | \$0.81 |
| Experience rating adjustment | 24.4% discount | -\$0.20 | 29.0% discount | -\$0.23 |
| Net premium rate | | \$0.61 | | \$0.58 |

If you have an account balance as a result of these changes, you will receive a statement showing the adjustments to your account.

Changes That Prompted This Recalculation of Your Rate

The calculation of your experience rating adjustment for 2019 uses data from previous years. The following information shows the years used in the calculation and the values used before and after the changes were made.
