

SCHOOL DISTRICT 78 FRASER-CASCADE

EVERYONE PULLING TOGETHER

June 23, 2022

Administrative Announcement Reassignment of Administrative Roles and Responsibilities

After much reflection, Karl Koslowsky has requested to return to his role as Vice Principal and Teaching at Hope Secondary School. For the past seven years, Karl has had dual roles in the district as Vice Principal of Hope Secondary and **District Vice Principal of Trades and Transitions**. Through Karl's passion and persistence, Career Education, Trades programs, Work Experience and the Trades Fair have flourished in Fraser-Cascade. We appreciate Karl's dedication to our district and wish him well as he chooses to keep his focus at HSS. Karl has assured us that he will continue to be a champion for trades and transitions, and his voice will always be welcome at district meetings and initiatives.

Stan Watchorn is excited to add the **Trades and Transitions** portfolio to his position. Stan has many years of experience as a Trades and Technology Teacher and as an educator in post-secondary schools. Stan is an experienced administrator with strong community, post-secondary and industry connections. Additionally, Stan will continue in his role supporting off-reserve students and working with the Indigenous Education Council. Through Stan's relationships with our Indigenous communities, we hope to have more of our Indigenous students taking advantage of Trades and Transitions programs in our district.

Congratulations to Karl and Stan as they accept these new challenges.

Balan Moorthy,
Superintendent of Schools
